Mothers of Scripture [readings] for mothers' meetings

The Mother's Magazine and Family Circle

David Friedrich Strauss's Das Leben Jesu kritisch bearbeitet (1835) brought about a new dawn in Biblical criticism by applying the 'myth theory' to the life of Jesus. Strauss treated the Gospel narrative like any other historical work, and denied all supernatural elements in the Gospels. Das Leben Jesu created an overnight sensation and Strauss became embroiled in fierce controversy. This earliest English version of 1846 was translated by the novelist George Eliot, and was her first published book.

In this enjoyable and insightful book, Yi-Lin Yu takes the heated and ongoing feminist debate over motherhood and maternal subjectivity onto a new plane - in search of a new synthesis. With its specific focus on the three-tiered matrilineal narratives, "Mother, She Wrote" is distinguished by its complex and innovative deployment of psychoanalytic subject-relations theories, and a meticulous and detailed discussion of various literary texts, which calls forth a powerful reformulation of these narratives. One of the main
strengths of this book is this simultaneous and tactful command of theory and literary practice. Apart from advocating the burgeoning development of women's writing of matrilineal narratives, the author also sheds new light on further research in the area of feminist motherhood and mothering.

One winter day, Michio Fujiwara, a high school student, finds an oval-shaped medal beside a statue of the Blessed Mary at a church. It is a “Miraculous Medal” of the Immaculate Mary. Fifteen years later, Michio has become a young and spirited artist, painter and sculptor. He creates a replica of Michelangelo's Pieta that is unveiled at a ceremony to open the Museum of the Virgin Mary, and it wins him highest praise. Two years later, however, the statue is vandalized by someone. What is the purpose of destroying the Pieta? Why does Mary in the Pieta keep shedding tears? What was the true grief of Mary as she stood at the foot of Jesus’ cross? Mysterious incidents occur one after another in Kyoto and in Italy regarding the doctrine of the Immaculate Conception that hinders the unity of the Christian Church.

This book examines the theoretical devices of "Yugoslav" and "post-Yugoslav" literature. The author analyzes selected literary examples from the region through the lens of a contemporary post-Deleuzean philosophy of time, extricating discussions of post-ism from traditional chronological framing.

Much of my writing, like much of the way I live and view the world, has been shaped by my mother. We were close enough to be part of each other's heartbeats, and when she died, on May 26, 2008, everything about her simply became part of me. We thought alike on every major subject, so this volume of poetry is both a tribute to, and a reflection of,
everything she stood for and believed in. The poems are mine, but the voice is hers, speaking through my words. At the same time, the various sections accurately reflect the experiences, challenges, triumphs and losses that have made me the independent person I am always shaped, at least in part, by my mother's influence. In this volume, you will read my words and hear my mother's voice on every season's special wind, a calm and steadying voice on the endless winds of change.

The Use of the Voice in Reading and Speaking

"Covering the history of the Plunket Society from 1907 to the present day, this book is organized around three dominant themes that contribute both to international historiography and to the social history of New Zealand. These themes are the mixed economy of welfare, maternal and infant health, and motherhood and parenting. Discussed in detail is how together these three strands form an important contribution to New Zealand's social history. In particular, the public role of women as welfare providers, maternal and child health provision, and parenting roles and practices are examined. An in-depth study of the voluntary welfare system, this book will be of interest to welfare historians, women's studies historians, social historians of medicine, and government policy makers."

Is it better to keep children out of family law conflicts about parenting, or to give them a say? This book integrates the issues with empirical data on the views and experiences of children and other participants in such disputes, suggesting ways that children can better be heard without placing them at the centre of conflicts.

"Analyzing this narrative practice, Malin examines ten texts by women who seem particularly compelled to tell their mothers' stories. Each author is, in fact, able to write her own autobiography only by using a narrative form that contains her mother's story at its core. These texts raise interesting questions about autobiography as a genre and about a feminist writing practice that resists and subverts the dominant literary tradition."

The Factory Child's Mother; the Voice of True Humanity

Are there Old Testament roots of the veneration of the Blessed Virgin Mary? Margaret Barker traces the roots of the devotion to Mary as Mother of the Lord back to the Old Testament and the first temple in Jerusalem. The evidence is consistent over more than a
millennium: there had been a female deity in Israel, the Mother figure in the Royal cult, who had been abandoned about 600BCE. She was almost written out of the Hebrew text, almost excluded from the canon. This first of two volumes traces the history of the Lady in the Temple, and looks forward to the second volume in which Barker will show how the Lady of the Temple is reclaimed in the advent of Christianity, and becomes the Lady in the Church. The result is breathtaking, and like all Barker's work, is impossible to put down.

A Voice for Mothers

A compelling saga of mothers and daughters, survival and striving, women, family, and culture that will resonate with all Americans who have immigrant roots. This fascinating book takes a new and different look at the immigrant experience of Asian Americans. Through the voice of her Chinese mother, the author examines perennial themes of separation, loss, guilt, and bicultural identity in the lives of immigrant families. Grounded in a historical context that spans events of more than a century, World War II, McCarthyism, Civil Rights, the Women’s movement, this volume: Uses oral history to show how families rely upon myth and legend as they adjust to a new culture. Illustrates how strong cultural and intergenerational bonds can both support and oppress Chinese American families; Uses Asian mythology and symbols to understand the psyche of Chinese Americans and their immigration experience, illustrating the contrasting world
views of Asian and Western culture. Provides strategies for coping with the immigration experience for use by counselors and other professionals.

This book is comprised of sixteen articles written by Elijah Muhammad in the Nation of Islam's official Newspaper, Muhammad Speaks, beginning May, 1973. What had previously been known as Ezekiel's Wheel or his vision of the wheel, was in fact called The Mother Plane, because it is today in fact, not visions, a humanly built planet, or the "mother" of all planes, so teaches Elijah Muhammad. The bible's Ezekiel did not see an actual wheel, but only a vision of one that would be in the future. This book analyzes Ezekiel's vision and brings it to bear with what Elijah Muhammad says that God taught him about it. What's called "UFO's today is in fact the wheel which eludes the scientists of this world. Elijah Muhammad interprets Ezekiel's Wheel in modern terms.

Poignant, raw, and insightful, Jennifer Gilmore’s third novel is an unforgettable story of
love, family, and motherhood. With a “voice [that is] at turns wise and barbed with sharp humor” (Vanity Fair), Gilmore lays bare the story of one couple’s ardent desire for a child and their emotional journey through adoption. Jesse and Ramon are a loving couple, but after years spent unsuccessfully trying to get pregnant, they turn to adoption, relieved to think that once they navigate the bureaucratic path to parent-hood they will have a happy ending. But nothing has prepared them for the labyrinthine process—for the many training sessions and approvals; for the constant advice from friends, strangers, and “experts”; for the birthmothers who contact them but don’t ultimately choose them; or even, most shockingly, for the women who call claiming they’ve chosen Jesse and Ramon but who turn out never to have been pregnant in the first place. Jennifer Gilmore’s eloquence about the human heart—its frailties and complexities—and her razor-sharp observations about race, class, culture, and changing family dynamics are spectacularly combined in this powerful novel. Suffused with passion and fury, The Mothers is a taut, gripping, and satisfying book that will stay with readers long after they turn the last page.

The Life of Jesus Critically Examined

Even by Hollywood standards, Nora Frost is the stage mother from Hell. Her futile drive to turn her talentless twin sons into child superstars has left figurative bodies strewn throughout Los Angeles. But after Nora hires hapless young private detective Dave Beauchamp to investigate a letter threatening the brothers, the body count begins to mount. It's up to Dave (a recovering lawyer and serious movie buff) to discover why people connected to Nora's crusade are turning up dead, and why someone has kidnapped the twins. The real question, though, is whether Dave is up to the job, even with the unsolicited "advice" he constantly receives from the old-time movie stars sounding off in his head! KILL THE MOTHER! is a laugh-out-loud mystery adventure that spotlights some of the wackier corners of Hollywood, as seen through the eyes of a new, unique P.I., whose motto is: "If you can't be insane in L.A., where can you?"
